

To Whom it may concern,

My name is Blake Cunningham and i am the pitcher from technika who was pitching at the current time of the home plate umpire getting hit in the face by the wild pitch.

I deeply regret what has happened and by all means can say how bad i feel about the current situation. i need to stress my concern on the doubtfulness of this being intentional or not but i can honestly say that this was no case of an intentional pitch to hit the umpire, this was just a wild pitch which got away from the catcher (mates) and the umpire being in the wrong place at the wrong time.

I classify myself as a smarter person than this and i would never intentionally injure someone in such a manner. He was helping out the baseball community and he is there so we can play such a sport at the level the Czech baseball is at this current time.

I apologise deeply for what i have done and i hope that this can be put behind us and fellow australians wanting to come and play in the Czech Republic as it is a great country with many great people and i have had a wonderful time in my time here.

I send my deepest regrets and concern for his wellbeing and i wish him all the best in a speedy and healthy recovery.

Could you also please pass this on in some way to the umpire as i am deeply sorry and this is something ill have to live with. it makes me sick just thinking about it.

Yours sincerely,

Blake Cunningham
